

ccmc::Interpolator

```
classDiagram
    ccmc::OpenGGCMInterpolator --|> ccmc::Interpolator
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled 'ccmc::OpenGGCMInterpolator'. A blue arrow points vertically upwards from this box to a white box at the top labeled 'ccmc::Interpolator'. This indicates that 'ccmc::OpenGGCMInterpolator' inherits from 'ccmc::Interpolator'.
