The diagram illustrates a file dependency structure. At the top is a header file box containing the path `/Users/mswindell/development/C++/kameleon_plus/src/ccmc/MagnetogramInterpolator.h`. Below it are two source file boxes. The left box contains `/Users/mswindell/development/C++/kameleon_plus/src/ccmc/Magnetogram.cpp` and the right box contains `/Users/mswindell/development/C++/kameleon_plus/src/ccmc/MagnetogramInterpolator.cpp`. Blue arrows point from each source file box up to the header file box, indicating that both source files include the header file.
